The following points regarding the practical attendance must be noted:

- 75% attendance is compulsory for each lab course. This is a pre-requisite for taking the term-end practical examination in the respective lab courses.
- A student who fails to fulfill the 75% attendance requirements will be allowed to reregister for that lab course. For fee details and the application form, please contact your Regional Centre.
- Students are required to prepare a separate lab record for each lab course. The practical counsellor should duly sign this lab record after each session.
- Student attendance will be recorded course wise at the Learner Support Centre.
- Strictly follow the guidelines given in the Lab manuals for the respective lab courses.
- Computer to Student ratio in a practical session would be 1:2. (2 students would be sharing a machine).
- Please note that only 40% of the Practical Counselling sessions have been scheduled, remaining session will be organized based in the response of the students. Please let us know if any further information is required.

Dr. Verlaxmi Indrakanti
